

# EJB

The image features the Java logo in a large, stylized font with a red-to-blue gradient. The background is a dark, futuristic digital space with glowing blue and orange lines, suggesting a network or data flow. A central glowing square structure is visible on the right side of the image.

# Java™

## About Course

EJB is a server-side software component that encapsulates business logic of an application. An EJB web container provides a runtime environment for web related software components, including computer security, Java servlet lifecycle management, transaction processing, and other web services.

# EJB

## CURRICULUM

### ① EJB Tutorial

Introduction to EJB  
What is EJB

### ② Session Bean

Session Bean  
Stateless Session Bean  
Stateful Session Bean

### ③ JMS Tutorial

What is JMS  
JMS Queue  
JMS Topic

### ④ MDB Tutorial

Message Driven Bean

### ⑤ Entity Bean

Entity Bean
