Key Advantages of Choosing Softcrayons

FOR STUDENTS

Supplemental Learning Resources: Softcrayons offers offline and online courses, educational materials, and additional resources that can complement and enhance college students' learning.

Skill Development: Softcrayons offer courses and certifications focused on developing specific skills that are in high demand in the job market.

Career Exploration: Softcrayons offer a wide range of courses across various disciplines, enabling college students to explore different fields and potential career paths.

Industry Relevance: Softcrayons frequently collaborates with industry professionals and experts to ensure that the knowledge and skills imparted are relevant and aligned with current industry practices and trends.

FOR FREELANCER & JOB SEEKER

Flexibility: Softcrayons offers online courses and programs that can be accessed from anywhere.

Skill Development: To acquire in-demand skills according to the latest industry trends and technologies to stay competitive in the job market.

Key Advantages of Choosing Softcrayons

Certifications: Softcrayons provides you with Professional Certifications and helps you with Resume Enhancement.

Career Support: Softcrayons also offers career counseling and job placement assistance, which can be invaluable for freelancers seeking new projects or job seekers looking for employment.

FOR ENTREPRENEURS AND BUSINESS OWNER

Upskilling and Reskilling: As the business landscape evolves rapidly, Softcrayons ensure that you stay up-to-date with the latest trends, technologies, and best practices.

Flexible Learning: Online courses offered by Softcrayons allow you to learn at your own pace, fitting your studies around your busy schedules.

Entrepreneurial Skills Development: Softcrayons offers courses and programs specifically designed to help entrepreneurs develop essential skills.

Cost-effective: Softcrayons provides more affordable learning options that help you invest in your professional development without straining your budget.

About The Program

Softcrayons is the best institute for Figma training, providing quality education for aspiring UI/UX designers and professionals. Whether you are looking for the best online course or the best offline course, Softcrayons offers flexible learning options that suits to your preferences. With expert instructors and an industry-relevant curriculum, you will gain a deep understanding of Figma, from design principles to advanced prototyping techniques. Known for its 100% placement assistance, Softcrayons ensures strong career support post-course completion. As the best institute for Figma training, Softcrayons focuses on delivering hands-on experience and practical skills to help students excel in real-world design projects. Enroll now for the best Figma training and start your journey toward a successful career in design.

- 3 UNDERSTANDING FIGMA'S INTERFACE AND TOOLS**
- 4 FRAMES, LAYOUTS, AND GRIDS**
- 5 DESIGNING BASIC UI ELEMENTS**
- 6 WORKING WITH COLORS AND TYPOGRAPHY**
- 7 CREATING COMPONENTS AND VARIANTS**
- 8 PROTOTYPING BASICS IN FIGMA**
- 9 ADVANCED PROTOTYPING TECHNIQUES**
- 10 COLLABORATION AND FEEDBACK IN FIGMA**
- 11 DESIGNING RESPONSIVE INTERFACES**
- 12 DESIGN SYSTEMS IN FIGMA**
- 13 ANIMATIONS AND MICRO-INTERACTIONS**
- 14 EXPORTING ASSETS AND DEVELOPER HANDOFF**
- 15 FINAL PROJECT - DESIGN A COMPLETE APP INTERFACE**

FIGMA

TRAINING CURRICULUM

1 Introduction to UI/UX Design and Figma Overview

– Day 1

- Understanding the basics of UI/UX design
- Overview of Figma and its role in the design process
- Understanding the differences between Figma, Sketch, and Adobe XD

2 Getting Started with Figma

– Day 2

- Setting up a Figma account and exploring the dashboard
- Creating a new file and understanding Figma's workspace
- Basic navigation: zooming, panning, and moving around the canvas

3 Understanding Figma's Interface and Tools

– Day 3

- Overview of Figma's design tools: shape tools, pen tool, text tool
- Using layers and groups to organize designs
- Introduction to the properties panel for adjusting design elements

4 Frames, Layouts, and Grids

– Day 4

- Understanding frames and artboards
- Using layouts and grids to create structured designs
- Designing for different screen sizes using frames (mobile, tablet, desktop)

5 Designing Basic UI Elements

– Day 5

- Designing buttons, input fields, and dropdown menus
- Using auto-layout for dynamic element arrangement
- Understanding padding, margins, and spacing in UI design

6 Working with Colors and Typography

– Day 6

- Creating and managing color styles
- Understanding typography basics: font pairing, hierarchy, and readability
- Creating text styles for consistent design

7 Creating Components and Variants

– Day 7

- Introduction to components and their importance in design
- Creating reusable components (e.g., buttons, cards)
- Using variants for different states (e.g., hover, active)

8 Prototyping Basics in Figma

– Day 8

- Introduction to prototyping: linking screens and creating flows
- Setting up interactions like clicks, taps, and transitions
- Previewing and testing prototypes

9 Advanced Prototyping Techniques

– Day 9

- Creating overlays and interactive components
- Using smart animate for smooth transitions
- Building interactive navigation menus and modal pop-ups

10 Collaboration and Feedback in Figma

– Day 10

- Inviting team members and collaborating in real-time
- Using comments for feedback and iteration
- Version control and maintaining file history

11 Designing Responsive Interfaces

– Day 11

- Understanding responsive design principles
- Using auto-layout for responsive design
- Designing adaptive components for different screen sizes

12 Design Systems in Figma

– Day 12

- Introduction to design systems and their benefits
- Building a design system in Figma (colors, text styles, components)
- Best practices for maintaining consistency across a design

13 Animations and Micro-interactions

– Day 13

- Creating animations using smart animate
- Designing micro-interactions for better user experience
- Using interactive components to enhance prototypes

14 Exporting Assets and Developer Handoff

– Day 14

- Exporting assets in various formats (PNG, SVG, PDF)
- Using the Inspect feature for developer handoff
- Preparing design files for development with detailed annotations

15 Final Project - Design a App Interface

– Day 15

- Students work on designing a complete app interface
- Apply all the concepts learned throughout the course
- Presentation of final projects with peer and instructor feedback

I am Aman Bhardwaj, Recently I completed a Digital Marketing course from Softcrayons. After completing my course I got a placement at SNVA Ventures with a good salary package. If you want to do a course and boost your career in the Digital Marketing field. I will recommend you visit Softcrayons. If I talk about the environment and faculty then Softcrayons have a very good and friendly environment and their faculty is highly experienced in the Digital Marketing field. Specifically, Yashvant sir is one of the best trainer and they have great experience in the Digital Marketing field. Thank you Softcrayons and all staff who helped me boost my career in the Digital Marketing field.
